INFORMATION STATEMENT

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY

This Information Statement is being furnished to the stockholders of Transportation and Logistics Systems, Inc., a Nevada corporation (the “**Company**,” “**we**” or “**us**”), to advise them of the corporate action that has been authorized by written consent of the holders of at least 51% of the voting power (the “**Consenting Stockholders**”) of the Company’s outstanding capital stock entitled to vote thereon as of the record date of June 26, 2020 (the “**Record Date**”). This action is being taken without notice, meetings or votes in accordance with the Nevada Revised Statutes (“**NRS**”), Sections 78.315 and 78.320. This Information Statement is first being mailed to the stockholders of the Company, as of the Record Date, on June 30, 2020.

The Board of Directors has approved, and recommended to the stockholders for approval, an amendment to the Company’s Amended and Restated Articles of Incorporation (the “**2020 Amendment**”) in substantially the form attached hereto as Appendix A to increase the number of authorized shares of common stock that the Company may issue to 4,000,000,000 shares, par value \$0.001.

No Vote Required

We are not soliciting consents to approve the 2020 Amendment. NOTICE TO STOCKHOLDERS OF ACTIONS APPROVED
BY CONSENTING STOCKHOLDERS

AMENDMENT TO THE ARTICLES OF INCORPORATION

Amendment to the Amended and Restated Articles of Incorporation to Increase the Authorized Shares of Common Stock of the Company to 4,000,000,000 Shares

The Company's Board of Directors has unanimously adopted a resolution seeking stockholder approval to authorize the Board of Directors to increase the number of authorized shares of common stock from 500,000,000 shares to 4,000,000,000 shares. The Board of Directors believes that authorizing it to effectuate this increase in the number of authorized shares is in the best interest of the Company and its stockholders because it will enable the Company to meet certain commitments made to stockholders, convertible note holders and warrant holders in conjunction with capital raising efforts in the summer and fall of 2019 and during the first quarter of 2020 to issue, or keep available for issuance, additional shares of its common stock. The Company does not currently have sufficient authorized common stock to satisfy all of such commitments. Upon effectiveness of the 2020 Amendment, the Company will cause all committed shares to be issued, or reserved for issuance, as applicable.

Pursuant to Section 4.9 of the Securities Purchase Agreement, dated as of August 30, 2019, by and among the Company and the investors named therein (the "Investors"), the Company is required to keep reserved for issuance to the Investors three times the number of shares of common stock issuable to the Investors upon conversion or exercise, as applicable, of the Investors' convertible notes and warrants (the "Reserve Requirement"). If the Company fails to meet the Reserve Requirement within 45 days after written notice from an Investor, the Company must, *inter alia*, sell to the Lead Investor (as defined in the Securities Purchase Agreement) for \$100 a series of preferred stock which holds voting power equal to 51% of the number of votes eligible to vote at any special or annual meeting of the Company's shareholders (with the power to take action by written consent in lieu of a shareholders meeting) for the sole purpose of amending the Company's Amended and Restated Articles of Incorporation to increase the number of shares of common stock that the Company is authorized to issue, which such preferred stock shall be automatically cancelled upon the effectiveness of the resulting increase in the Company's authorized stock. By letter agreement dated, June 4, 2020, the Lead Investor assigned this contract right to John Mercadante, the chief executive officer of the Company.

As the Company was unable to comply with the Reserve Requirement within 45 days after written notice from an Investor, the Company sold to John Mercadante 1 share of Series C Preferred Stock which has voting power equal to 51% of the number of votes eligible to vote at any special or annual meeting of the Company's shareholders (with the power to take action by written consent in lieu of a shareholders meeting) for the sole purpose of amending the Company's Amended and Restated Articles of Incorporation to increase the number of shares of common stock that the Company is authorized to issue. Upon the effectiveness of the 2020 Amendment, the Series C Preferred Stock will be automatically cancelled. The Series C Preferred Stock is not entitled to vote on any other matter, is not entitled to dividends and is not entitled to any distributions upon liquidation of the Company.

Stockholder approval for the 2020 Amendment was obtained on June 26, 2020 from stockholders that hold at least 51% of the voting power of the stock of the Company entitled to vote thereon, as of the Record Date of June 26, 2020. These consents constituted a sufficient number of votes to approve the 2020 Amendment under the Company's Amended and Restated Articles of Incorporation, bylaws and Nevada law.

Section 320 of Chapter 78 of the NRS provides that, unless otherwise provided in a corporation's articles of incorporation or bylaws, any action required to be taken at any annual or special meeting of stockholders of a corporation, or any action which may be taken at any annual or special meeting of such stockholders, may be taken without a meeting, without prior notice and without a vote, if consents in writing shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting. Our bylaws contain a provision that expressly permits stockholders to take actions by written consent of the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting. Accordingly, the written consent of the holders of a majority of the outstanding voting power entitled to vote on an increase of the number of authorized shares of common stock is sufficient to approve the matter listed above.

The increased capital will provide the Board of Directors with the ability to issue additional shares of stock without further vote of the stockholders of TLSS, except as provided under Nevada corporate law or under the rules of any national securities exchange on which shares of stock of TLSS are then listed. Under the Company's Amended and Restated Articles of Incorporation, the Company stockholders do not have preemptive rights to subscribe to additional securities which may be issued by the Company, which means that current stockholders do not have a prior right to purchase any new issue of capital stock of the Company in order to maintain their proportionate ownership of the Company's stock.

Issuance of any additional shares of common stock may both dilute the equity interest and the earnings per share of existing holders of the common stock. Such dilution may be substantial depending upon the amount of shares issued. The newly authorized shares will have voting and other rights identical to those of the currently issued common stock. However, the increase can have a dilutive effect on the voting power of existing stockholders.

The authorization of additional capital, under certain circumstances, may have an anti-takeover effect, although this is not the intent of the Board of Directors. For example, it may be possible for the Board of Directors to delay or impede a takeover or transfer of control of TLSS by causing such additional authorized shares to be issued to holders who might side with the Board of Directors in opposing a takeover bid that the Board of Directors determines is not in the best interests of TLSS and our stockholders. The increased authorized capital therefore may have the effect of discouraging unsolicited takeover attempts. By potentially discouraging initiation of any such unsolicited takeover attempts, the increased capital may limit the opportunity for Company stockholders to dispose of their shares at the higher price generally available in takeover attempts or that may be available under a merger proposal. The increased authorized capital may have the effect of permitting the Company's current management, including the current Board of Directors, to retain its position, and place it in a better position to resist changes that stockholders may wish to make if they are dissatisfied with the conduct of the Company's business. However, the Board of Directors did not propose the increase in the Company's authorized capital with the intent that it be utilized as a type of antitakeover device.

The relative voting and other rights of holders of the common stock will not be altered by the authorization of additional shares of common stock. Each share of common stock will continue to entitle its owner to one vote.

As a result of the increased authorization, the potential number of shares of common stock outstanding will be increased.
